KOLB+CO. ANNOUNCES PROMOTION IN KOLB+CO. TECHNOLOGY ADVISERS, LLC

BROOKFIELD – Kolb+Co., recently announced that **George Ulbrich** has been promoted to supervisor of Kolb+Co. Technology Advisers, LLC. Ulbrich is a current resident of Racine.

Ulbrich, a member of the firm since 2002, has over 20 years of experience in technology, serving mainly the professional services industry. His areas of expertise include security, data center operations and management, and project management. He holds a degree in business administration with a minor in economics from Lakeland College.

Kolb+Co. Technology Advisers, LLC is the exclusive certified Business Objects public training center for the state of Wisconsin. They provide their clients with technology services, such as business intelligence, project management, enterprise systems, workflow design, infrastructure implementation, training, network security, virtual IT, and networking services.

Kolb+Co. provides integrated services and coordinated solutions to closely held businesses and their owners. The group, located in Brookfield, has over 100 employees and eight affiliated advisory firms.
