KOLB+CO. SC KICKS-OFF COMMUNITY INVOLVEMENT PROGRAM

Saturday, February 6, 2010, Brookfield-based Kolb+Co. SC kicked-off its Kolb+Co. Volunteer FORCE (Focus on Raising Community Engagement) program by volunteering at the Waukesha Salvation Army. Kolb+Co. employees helped serve a community meal to approximately 100 people.

"In our 50th year of service, we are focusing our efforts on giving back to the community in which we live and serve," said Tom Luken, president of Kolb+Co. The firm, with over 100 employees, currently contributes to the community through various means, but in coordination with its 50th anniversary, has formalized a community involvement program. Through volunteering, sponsorships, donations, board memberships and other unique activities, the Kolb+Co. Volunteer FORCE aims to support more than 50 nonprofit and local organizations during 2010.

Kolb+Co. Volunteer FORCE events will include:

- **Kolb+Co. Volunteer FORCE Action Day** - The firm will close the office for an afternoon and encourage all employees to participate in a firm supported volunteer event. The Kolb+Co. Volunteer FORCE is partnering with Hartland-based Camp Whitcomb-Mason, owned and operated by the Boys & Girls Clubs of Greater Milwaukee, on May 21st by volunteering approximately 400 hours of service dedicated to helping the camp prepare for its summer overnight and day camp program.

The mission of Camp Whitcomb-Mason is to provide an imaginative, outdoor educational/recreational experience where youth have the opportunity to develop a sense of competence, usefulness and belonging through their accomplishments, while developing skills, responsibility and respect for others in a safe and healthy non-urban environment.

- **Monthly Activities** - Employees, family members, friends of the firm and clients are invited to participate in monthly events organized by employees of the firm. Activities will range from serving at a soup kitchen and participating as a team in run/walks to organizing donation drives.

On Sunday, March 21st from 10:30 a.m. until 5:00 p.m. the Kolb+Co. Volunteer FORCE will assist Special Olympics Wisconsin with the District Basketball Skills Competition at Milwaukee Lutheran High School located at 9700 West Grantosa Drive.

Kolb+Co. provides integrated services and coordinated solutions to closely held businesses and their owners. The group, located in Brookfield, has more than 100 employees.
